

# IMACS

INTERNATIONAL MEETING ON AUTOMATED COMPLIANCE SYSTEMS

## IMACS 2009 Preliminary Program

Tuesday, April 21, 2009

- 12:30 – 18:00**      **IMACS 2009 Registration Desk Open**
- 13:00– 18:00**      **VelQuest Technology Day**  
Limited to SmartLab customers only. Technical preview of upcoming VelQuest tools and applications.
- 13:00 – 17:45**      **IMACS SmartLab Technology Workshop**
- Introductions
  - VelQuest Corporation – Introduction of the SmartLab Lab Execution System and GMP Electronic Notebook
  - Rapid Implementation Technologies (Method Builder, CDS Adapters, LIMS and ERP Interfacing, Lab Instrument Integration, and more)
  - Past IMACS Implementation Productivity and Operations Metrics Overview
  - Live SmartLab Demonstration of Several QC Analytical Test Methods
- 17:30 – 19:00**      **Reception**  
Courtesy of the IMACS 2009 Technology Sponsors – VelQuest Corporation, RCM Technologies, Clarkston Consultants, et al.
- 19:00 - 20:30**      **IMACS 2009 Gala Dinner**

*(continued)*

**April 21-22, 2009**

**Dublin, Ireland**

**Wednesday, April 22, 2009**

- 8:00 - 8:50**                    **IMACS Registration Desk Open & Continental Breakfast**
- 8:50 - 9:00**                    **Chairman's Introduction to IMACS 2009**
- 9:00 – 10:00**                 **An ERP, LIMS and Lab Execution System Architecture–**  
[Keynote](#)                         **Global Deployment Update and Operational Excellence Metrics**  
Lukas Gogis, Team Leader  
Global LIMS, Manufacturing Information & Control Systems, Eli Lilly & Company
- 10:00 - 10:30**                 **Break**
- 10:30 - 11:10**                 **Streamlining the Lab – Using a Lab Execution System from Vision to Reality**  
Nicola Hulme, Principal Scientist, AR&D  
Bristol-Myers Squibb
- 11:10 – 11:50**                 **Going Totally Paperless in Quality Operations from an API Plant in Ireland to Global Scope**  
Stephen Green, Senior Chemist  
Forest Labs, (Ireland)
- 12:30 - 13:30**                 **Lunch**
- 13:30 – 14:10**                 **Implementing a cGMP Lab Informatics System Without a LIMS**  
Eoin McGlynn, QC Supervisor  
Gerard Laboratories (Mylan Pharmaceuticals)
- 14:10 - 14:50**                 **Global Scale Implementation Issues and Answers – Regional and Local Considerations**  
David Milbourne, Project Manager (Macclesfield, U.K.)  
AstraZeneca Pharmaceuticals
- 14:50 - 15:20**                 **Break**
- 15:20 – 16:00**                 **CDS Interface – The Development, Use and Advantages of Using the OPENLAB Adapter**  
Michael Schofield, Informatics Specialist  
Gerard Laboratories (Mylan Pharmaceuticals)
- 16:00 - 16:40**                 **Integration of cGMP Lab Systems– the Paperless Lab Structure**  
Phillip Woodhouse, Project Leader, Quality Systems and Compliance Lab  
McNeil Consumer Healthcare
- 16:40 - 17:20**                 **Panel Discussion**  
IMACS 2007, 2008, and 2009 speakers provide technology and experience updates in a panel discussion. Invited companies include Bristol-Myers Squibb, Forest Labs, AstraZeneca, Meda, Eli Lilly, J&J McNeil, and others.
- 17:20 – 17:40**                 **IMACS 2009 Review and Closing Comments**  
Ken Rapp, President and CEO, VelQuest Corporation
- 18:00 - 20:30**                 **Reception and Tour of The Jameson Distillery (transportation provided)**
